*“We can spend all day reading books and taking tests, but until we hear something real, something that flips us on our heads, we will never truly understand. Your story gave us the perspective we really needed to fully understand why we are told ‘drugs are bad.’ Thank you so much, I commend your bravery and honesty.”*

# PROJECT REWIND

## EARLY INTERVENTION

## Strengthening Family Connection & Communication

6-hour program

Navigator

*“My husband, son, and I really enjoyed it. It was very non-threatening, and it was easy to get my son to attend. The advice was very realistic and applied in the real world. I gained so much knowledge and comfort from the program. It has a very positive reputation, even among teens. My son knows others who went through it and no one talks about it negatively or as if it was a joke. Even the kids respect and appreciate the program.”*
