Families Together Team

Family Together's Goals

- To encourage strong family bonds, and open communication so our youth can stay away from drugs, alcohol and youth delinquency.
- To connect with 600 parents and 400 youth by June 2020.

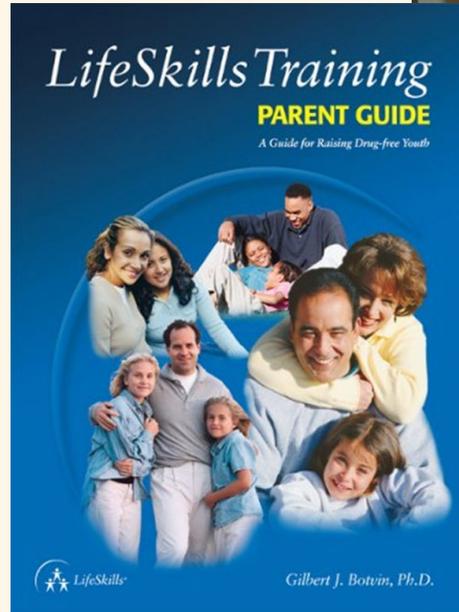

FAMILIES TOGETHER

Our Families Together program goes into local schools and delivers Free classes using the *Botvin LifeSkills* curriculum, with the youth and parents. We currently serve the Maryvale and West Phoenix area and focus on drug and alcohol prevention.

Parent Curriculum

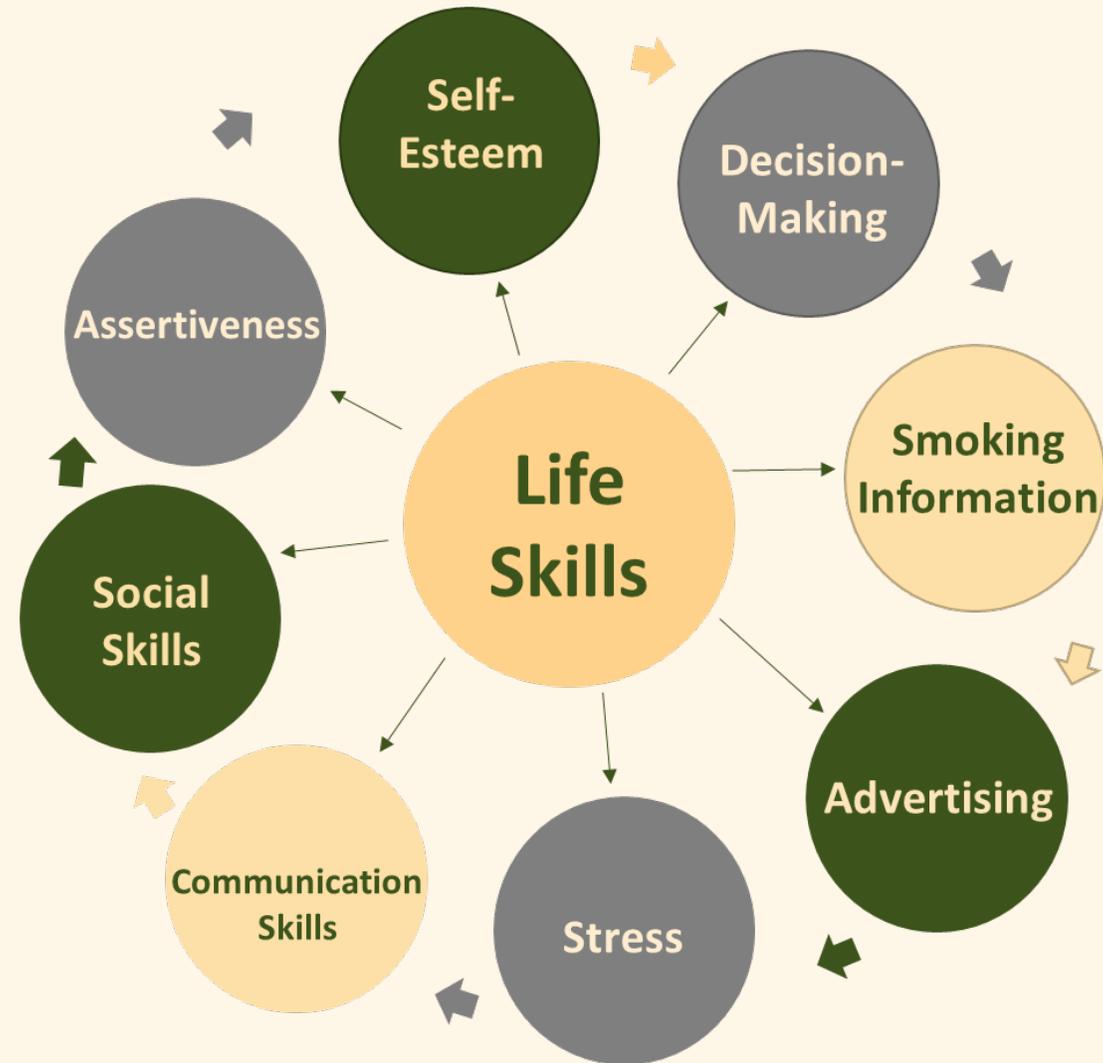

- *Botvin's LifeSkills Training Parent Program*

- 7 sessions within curriculum
 1. The *LifeSkills Training Parent Program* Orientation
 2. Family Communication
 3. Parental Monitoring
 4. Being a Good Role Model
 5. Use of Appropriate and Consistent Discipline
 6. Effects and Warning Signs of Substance Use
 7. Taking a Clear Stand on Drugs
- Participants receive certificate after completion

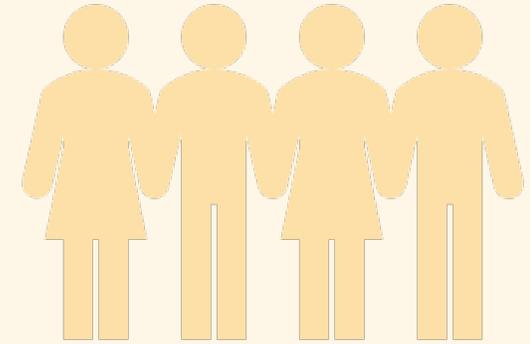

Youth Curriculum

Botvin's LifeSkills Training –
Promoting health and
personal development.

Success Story

In October, Families Together had the opportunity to participate at P.T Coe's Red Ribbon week, where we delivered a Vaping presentation to three third, fourth and fifth grade classes. Before beginning the presentation, the prevention specialist asked if they already knew what vaping was. More than half of the students raised their hands. When going through the presentations we went over all the harsh chemicals vapes contain and the harms it can cause to your body. All the students pledged to grow up safe, healthy, and drug free.
